

Catering Provision

Inevitably, we will have to increase our Catering prices in the Autumn Term. We will continue to do our best to keep prices as low as possible, but we do believe that our 'Meal of the Day', with dessert, is still very good value, at the new price of £2.50. The three-week rotating menu is 100% compliant with the government's School Food Standards, providing balanced and healthy meals.

Our 'Grab and Go' range is very popular with the students. For our full menu range, please visit the 'Catering Provision' area on the school website.

Increase in the Free School Meal Allowance and how this can be used

From September 2022, we will increase the daily allowance for Free School Meals (FSM) to £2.50 per student, to reflect the general increase in menu prices. This figure is based on the cost of the main hot meal available during lunch service, including a cookie/dessert. Students are allowed to select other food items, as long as they fall within this amount. Fresh drinking water is always available. Parents/carers, whose children claim FSM, are very welcome to 'top-up' the online catering account, or send your child with some cash, to enable them to purchase items at break-time, as well. If they are using their FSM allowance at break-time, e.g. buying a doughnut for 95p, we can only supply lunch to the remaining value (£1.55), as we are not able to offer credit.
