

## Year 9 Pathways

Welcome to the Year 9 Pathways page. When deciding which subjects you wish to choose to study at Key Stage 4, you are encouraged to gather information from a number of different sources, (websites, Careers events, Careers Adviser, Tutor, Subject teachers, family). You should do some research to determine how your choices can help you on to different paths. Useful websites are listed in the 'Student' area of the schools' careers page. Your subject teachers will also give a presentation in the build up to the Year 9 Options process and offer advice and guidance about what you will study and where your choice can take you post-16.

Below, you can find subject information. A hard copy of this information will be available during the Year 9 Options Evening held in school in the Spring term. This event will give you the opportunity to find out more about the subjects that you can study at Key Stage 4 and to ask any questions you may have.
